

Many of us want to provide more for the causes closest to our hearts, but also do what's best for our own family. Planning now can be a thoughtful expression of your gratitude for a career in managed care. Advance preparation also ensures your loved ones are well cared for in the future.

This edition of our eNewsletter assists you with finding the right professionals to develop an estate plan that covers all these important aspects. Read about teaching your personal philanthropy to your family and just how easy it is to make an impact.

All best for a great summer,
Paula, Ebony and the AMCP Foundation team

Issue #6

Get Expert Help

These are the players you need on your team to create an estate plan that protects those closest to your heart.
