

2027 National P&T Competition Phases

As members of the Clinical Pharmacy Services department at Patients First Health Plan, student teams are tasked with developing a formulary drug monograph for LYNKUET® (elinzanetant).

All schools that choose to enter the 2027 National P&T Competition must upload the following assignments to the P&T Competition portal **no later than 11:59 pm EST** on Monday, January 18:

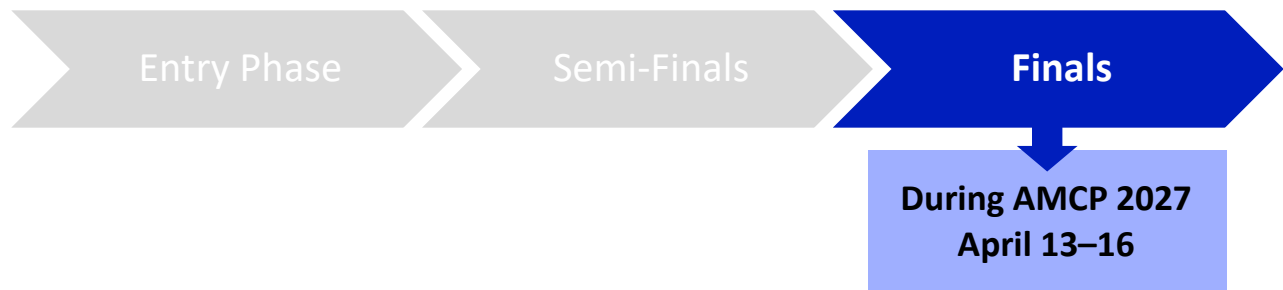

- ◆ Formulary drug monograph for Lynkuet, using the provided template.
- ◆ A PowerPoint file for a P&T Committee presentation (not to exceed 10 minutes) that succinctly conveys and supports the team's findings and recommendations.

During this phase, the formulary drug monograph will be reviewed and scored by judges.

The 15 teams with the highest scores will advance to the Semi-Finals round. Semi-Finalist teams will be notified no later than Monday, February 8.

During this phase, each Semi-Finalist team's PowerPoint presentation will be reviewed and scored by judges.

The teams with the highest scores in the Semi-Finals phase will be invited to compete in the P&T Competition Finals. Finalist teams will be announced in a special P&T Competition newsletter no later than Friday, February 26.

The Finals phase culminates in a live session held in conjunction with the AMCP 2027 meeting in San Francisco, April 13–16. During the live P&T Competition Finals session, teams will make their P&T Committee presentation to a panel of judges and respond to questions.

The Finals judges also review and score each team's drug monograph and PowerPoint slides before the live session. The top teams will be determined based on the combined scores for drug monograph, PowerPoint slides, and live Finals session.
